It probably
was one of
the
torches!

An
explosion?
Why?!

Even though the situation I'll fight to the end! That's the meaning of romances!

What kind of adventure would it be if I ran with three legendaries in front of me?

Stay away...

Princess
Tenshi!
Chris!
We gotta go!

What are you talking about? You don't even know what you're capable of!

It was you who caused this burning! Your selfish attitude is causing problems!

Stop being so pessimistic!

What are you talking about? You don't even know if you're capable of this!

What?

Shingo, one of your Palmet is missing!

What?

We gotta run!

It's not the time for fights!

A
Amo-
ang

The
dooms
put the
fire off

I'm going to

Shove
things
it's your
turn to
escape!

Patrol
you're
here!

Hostility?

But before

Nowadays,
Pokémon and
humans help
each other

Is it
true
what
you've
said?

Yes because
they feel
hostility
from
humans

And put the
Pokémon's
lives in danger

Humans
started a war
where forests
were burned

That's
when the
three
appeared

And the humans
continued the
war no matter
what

If I follow
this path.

It must be
Vinzion
running!

Just like
my
clothes!

Search
the
forest.

Let's
go!

Maybe
here.
